

Easy-to-use and simple design and low price, the ultimate functionality of gas range and gas table!

- Top burner has a clogging-preventive structure which is safe from fire dying out by boiling over.
- Heating from below and from the top effectively heats the oven up, offering an even and best finish of the cooked food.
- Our original air heat insulating design prevents the main body from overheating.
- The oven is fully made of stainless steel. It is not only improving durability but also excellent from a sanitary point of view. Especially, frosted SUS 430 No.4 is used for the top, which creates a sophisticated looking.
- There are 14 models in total, 7 models for gas range, 5 models for gas table and 2 models for soup range. You can choose the best one for your purpose of use.
- We also have option part of back guard for gas range / gas table and back guard and side guards for soup range respectively.
